**MEMORANDUM FOR THE SECRETARY OF DEFENSE**

**Subj: Approved actions incident to Berlin contingencies (C)**

**Ref: (a) Office of Secretary of Defense memo of 11 October 1961**

1. Pursuant to your request contained in reference (a), the following steps have been taken to implement the subject actions:

a. The USS CORSON is scheduled to embark 187 officers, 13 warrant officers, and 2,775 troops of the 3rd Armored Cavalry Regiment at Baltimore on 11 October 1961, and sail that day for Europe. The port of destination is Bremerhaven, estimated time of arrival 9 November 1961.

b. Commander Military Sea Transportation Service, Atlantic Area advises that crew tonnage figures and listing of cargo of 3rd Armored Cavalry Regiment are not, as yet, available. Representatives of U.S. Army Transportation Terminal Command Brooklyn are presently at Fort Meade determining extent of this requirement.

c. USS CORRY is scheduled to go on loading berth at Philadelphia on 1 November to load 3rd Armored Cavalry Regiment cargo. CORRY estimated time of arrival Bremerhaven is 10 November or 9 November if destination is to be in France. The USS MARINE FINDER is scheduled on berth Philadelphia 2 November to load overflow cargo beyond the capacity of the CORRY.

d. The oral requirement placed on NSTS by the Office of Chief of Transportation, U.S. Army for fourteen (14) ships to lift arms from East Coast to Europe has been satisfied.

e. The oral requirement placed on NSTS by the Office of Chief of Transportation, U.S. Army for fourteen (14) ships to lift general cargo and vehicles from East Coast to Europe has been partially met by the assignment of seven (7) NSTS controlled ships. Charter of commercial shipping to lift the remaining requirements will be accomplished on receipt from the Army of more specific cargo information.

2. The Army requirement to lift 25,000 MT of cargo from Seattle/ Tacoma to Europe is being met with four (4) ships.
